dealers, will host regional seminars in more than 100 cities across the United States and Canada.

Jason Killpack, TPS product marketing manager, says, "A Topcon Technology Roadshow, through videos, informal education sessions, hands-on demonstrations and open question-and-answer sessions can give customers an incredible amount of useful information in half-a-day."

A listing of participating cities is available at www.topconroadshow.com.

TILCON KEEPS DRIVERS SAFE

Company partners with Highway Safety Department

Tilcon Delaware, the area's largest paving and construction materials supplier, recently joined the Delaware

Office of Highway Safety's Corporate Outreach program. The program is designed to help businesses educate their employees to reduce traffic crashes, injuries and their related costs.

Tilcon's employees travel an average of more than 1 million miles per year on Delaware highways on the job. Through this program, Tilcon is providing tools and information their employees need to make the roadways safer for themselves as well as other drivers.

"A vast majority of our employees are out on the roads on a daily basis and with this program they'll always have the most up-to-date information concerning the roadways," says Tilcon Community Relations Manager Norene Brennan.

The Delaware Office of Highway Safety's Corporate Outreach program is targeted to partnering with the corporate community to help save lives

Tilcon provides employees tools and information to keep roadways safer.

on Delaware's roadways through education and awareness. As part of the program, roadway safety information will be regularly distributed to employees at all Tilcon Delaware locations, as well as through the Tilcon Delaware employee newsletter.
